x_make_markdown_x â€" Production Ledger

I document every meaningful shift to this documentation furnace here. Entries follow [Keep a Changelog](#) and Semantic Versioning so auditors can match published PDFs to the code revision that forged them.

[0.20.4] - 2025-10-15

Changed

- Routed Markdown publishing through the shared exporter suite, logging `ExportResult` metadata for the Kanban evidence trail.
- README updated for the Road to 0.20.4 release to cover the exporter handoff and orchestrator summary wiring.

[0.20.3] - 2025-10-14

Changed

- README and release notes rewritten to match the Road to 0.20.3 documentation cadence and acknowledge the JSON audit pivot.

[0.20.2] - 2025-10-14

Changed

- Recast the documentation to match the Road to 0.20.2 release script, spelling out the refreshed publishing expectations for this generator.

[0.20.1] - 2025-10-13

Changed

- Updated README references to the Road to 0.20.1 control-room ledger so documentation tooling mirrors the live campaign.

[0.20.0-prep] - 2025-10-12

Added

- Authored control-room aligned README and changelog to calibrate Markdown operations with the Road to 0.20.0 campaign.
- Linked the generator to diagramming and orchestration repos for fluid publishing cycles.

Changed

- Encouraged contributors to document new components and exporters with Change Control entriesâ€"no silent drops.
